Prinita Chem

<https://www.prinitachem.in/>

We have established our place in the industry as adept importer, wholesaler and supplier of quality range of chemicals. Our products come in use for varying industrial purposes .

About Us

Prinita Chem Private Limited has been a reputed wholesaler and supplier of a wide range of Salts and Chemicals since the year **1979**. Our reputation in the industry has grown steadily due to the production of an impeccable line of products among which Acetic Acid Glacial Gnfc, Acid Slurry and Ammonia Alum Powder have generated us a wide base of clients on a regular basis. We are authorized distributors of Bleaching Powder (Lion Brand) and TCCA- 90 for Aditya Birla Chemicals (India) Ltd. and Caustic Soda for Grasim Industries Ltd.

Our products are known for their compositional accuracy and chemical properties. Each product that passes through our organizational premises is ascertained for quality. These products are obtained through our procurement agents from vendors of high repute. Our endeavor remains to provide each client with customized solutions towards their pertaining needs within a specified time frame. We have managed and continued fruitful business relationships throughout our existence as an organization and look forward to forming more such bonds under the promise of unparalleled growth.

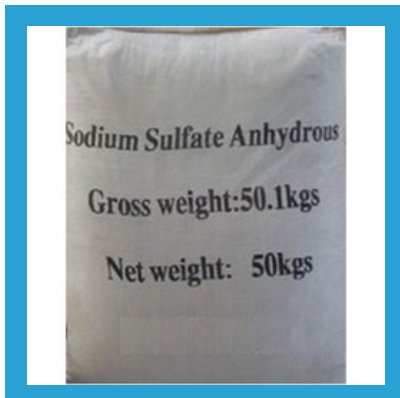

Our infrastructure is equipped with amenities that are ahead of the contemporary market in the current day. We have regularly upgraded our organizational machinery and structural bases to facilitate the rapid flow of work. Our procurement division has been stationed with adept employees who are experts at testing and examining each acquired...
